Calendar - Red and Black Days

Jackson R-2 School District

2022-2023 School Calendar

Welcome to the 2022-2023 school year! The information and procedures outlined in this handbook are designed to ensure that our school runs smoothly and allows for every student to be successful. This information has been carefully prepared so that students and families have a clear understanding of our school and how we operate on a day to day basis. We encourage you to review this information and contact us with any questions or concerns.

It is our hope that all students become an integral part of our school. Students are encouraged to get involved in the many clubs, organizations, and extra-curricular activities that we offer. We feel that student involvement leads to several opportunities to develop positive relationships with their peers and teachers. We wish all of our students a successful school year!

HIGH SCHOOL HOURS OF OPERATION

The high school doors will be open at 7:00 a.m. The main office will open at 7:30 a.m. and close at 4:30 p.m.

VISITORS

All visitors must report to the main entry on Missouri Street and push the access button located on the wall. Anyone entering the building must report to the office before contacting any student, teacher, or staff member. All visitors must have administrative approval to be on the high school campus and will be issued a visitor's pass. Messages and deliveries from home should be left in the office. All florist deliveries will be accepted only during the last period of the school day. Messages will be sent to students to pick the floral deliveries up at 3:05 p.m.

STUDENT PARKING

Students parking on the school campus or in the vicinity of the high school are expected to leave their vehicles and enter the building upon their arrival. Students are not allowed to loiter in the parking lots or remain in their vehicles before school. Parking and driving violations may result in disciplinary action. Parking violations can include but are not limited to parking in faculty parking lots/spaces, handicap spots, visitor spots or parking in any manner that does not allow another vehicle to exit the lot. Upon arrival to school, students are not allowed to leave without permission.

COUNSELING

Counseling services are available for every student in the school. These services include assistance with educational planning, interpretation of test scores, occupational information, career information, study aids, assistance with home problems, school and/or social and emotional concerns. Students desiring to visit a counselor may drop in or contact the secretary in the guidance office to arrange for an appointment.

SCHEDULE CHANGES

If students should be placed incorrectly in a class, have major career objective changes, do not have the ability to be successful or their ability is too high for the course content, schedule changes may be permitted through the recommendations of the instructors, administration, parents, and counselors. Any request for a schedule change should take place during the first 5 days of classes each semester. Full year classes are not to be dropped at the end of the first semester unless grade problems exist or teachers recommend the change.

Students will not be allowed to change instructors within the same teaching area, unless they have failed the course earlier with the assigned instructor.

COLLEGE DAY

Seniors will be allowed to take TWO college days during their senior year if their total absences are less than six days that semester and have been approved by the office. College days count as days absent from school and must be pre-arranged at least ONE day in advance with a note from a parent. Juniors may take one college day following the same requirements. Upon the student's return to school, a note or letter from the registrar or college official is required. No college days will be allowed the last six weeks of school.

JOB SHADOWING/SERVICE LEARNING

Students will be allowed to job shadow or participate in service learning opportunities during the school year by filling out an [application](#) and getting prior approval from school administration. Seniors will be allowed to do this TWO times throughout their senior year. All other students will be allowed ONE day to either job shadow or participate in service learning opportunities each school year. Students are eligible for these opportunities if their total absences are less than five days that semester. Job shadowing and service learning days count as excused absences from school. Upon the student's return to school, students must complete the required form that is attached to the application. No job shadowing or service learning days will be allowed the last six weeks of school.

LEAVING SCHOOL GROUNDS

Students are not allowed to leave campus without permission from school administration. This approval will first come from the parent or guardian through a note, a parent visit, or a phone call to the office. This verification must be made to the office before the student leaves campus. After office approval, students must sign-out in the office. If a student is signing out due to sickness, they need to do so through the school nurse to be excused.

LUNCH ACCOUNTS

Students should not carry any type of negative meal balance. Guardians will receive an automated call once there is a negative balance of -\$1.00 or more. If an account reaches a negative -\$15.00 the parents will receive a personal call from their student's building. The Jackson R-2 School District Nutrition Service department does not allow any students to charge a la carte items if there is any negative balance. If a child's meal balance is -\$50.00 the child will be served an alternative meal (peanut butter sandwich, fruit/vegetable, and water/milk/juice). **Parents are responsible for monitoring the amount of money in their child's account and for paying back any charges incurred.**

SUCCESS CENTER

Students who need academic assistance, access to technology, or a quiet place to do their school work, can attend Success Center in our library from 3:10-5:00 p.m. Success Center is available Monday-Thursday and is staffed with a certified teacher in either math, English, social studies, or science.

ELIGIBILITY

To be eligible for any activity sanctioned by MSHSAA, a student must be currently enrolled in and regularly attending courses that offer a minimum of 3.00 units of credit and must have earned a minimum of 3.00 units of credit the preceding semester.

If a student misses class on the date of a contest without being excused by the administration he or she will not be considered eligible to compete on that date. Illness is not a satisfactory excuse. If a student is too sick to come to school, then the student is too sick to participate in a school activity. All excuses should be prearranged. Students assigned to in school suspension are not eligible to participate in school activities the day(s) of the assignment. Students suspended from school may not participate or attend any school activities while under suspension. Students attending school activities should be in attendance at school for a minimum of four hours the day of or the day preceding the activity.

NCAA ELIGIBILITY

The NCAA has approved the following courses for use in establishing the initial-eligibility certification status of student-athletes from this school. Some course titles may begin with one of the following prefixes. These prefixes are defined as follows:

= Only students who have received proper NCAA approval for their diagnosed learning disability may receive credit for these approved courses.

! A student will receive no more than one NCAA mathematics credit for the successful completion of any two courses so noted.

!! A student will receive NCAA mathematics credit according to the unique credit values noted.

< A student receives no more than one unit of NCAA natural/physical science credit for the successful completion of all courses so noted.

<< A student will receive no more than one and one-half units of NCAA natural/physical science credit for the successful completion of all courses so noted.

<<< A student will receive no more than two units of NCAA natural/physical science credit for the successful completion of all courses so noted.

Courses designated with a '=' symbol are courses that may be used only by students with a diagnosed disability. Also, in order for a student to receive credit for a course designed for students with disabilities, the student must have provided verification of his or her status by presenting to the NCAA Initial-Eligibility Clearinghouse either (1) a nonstandard ACT or SAT score; or (2) notice of disability designation by the NCAA Disability Services staff.

NCAA legislation permits a student to receive credit for a core course only one time. As a result, if a student repeats the core course, the student will only receive credit once for the core course and the highest grade earned in the course will be included in the calculation of the student's core-course grade-point average. Likewise, if a student completes a course that is duplicative with another core course, the student will only receive credit once for the core course and the highest grade earned in the course will be included in the calculation of the student's core-course grade-point average.

GRADING SCALE

***Jackson High School students graduating in 2023 will use an 11.0 grade scale:

Grade	Percent %	GPA - Non-weighted	Weighted +1	Weighted +2	Weighted +3
A	95-100	11	12	13	14
A-	90-94	10	11	12	13
B+	87-89	9	10	11	12
B	83-86	8	9	10	11
B-	80-82	7	8	9	10
C+	77-79	6	7	8	9
C	73-76	5	6	7	8
C-	70-72	4	5	6	7
D+	67-69	3	4	5	6
D	63-66	2	3	4	5
D-	60-62	1	2	3	4
F	0-59	0	0	0	0

Converting GPA to a 4.0 scale (multiply GPA by 4, divide that number by 11)
 Ex. GPA = $8.28 \times 4 = 33.12 / 11 = 3.01$

Example GPA

- English: B = 8
- Math: A- = 10
- Science: B- = 7
- History: B+ = 9
- Art: C+ = 6

PE: B- = 7

Foreign Language: A = 11

Total = $58/7 = 8.28$

***Jackson High School students graduating in 2024, 2025, and 2026 will use a 4.0 grade scale:

Grade	Percent %	GPA - Non-weighted	Weighted +.333	Weighted +.667

Jackson High School graduating seniors will be recognized for their academic achievements using the Latin Honors system, which consists of three levels of academic distinction: Cum Laude - “with honor”, Magna Cum Laude - “with great honor”, and Summa Cum Laude - “with highest honor.” JHS will still recognize a Valedictorian and Salutatorian.

Class of 2023

In order to be recognized with honors, students in the class of 2023 must have a cumulative grade point average that falls within one of the following levels of distinction:

Magna Cum Laude: 11.00-11.74

Cum Laude: 10.75-10.99

Class of 2024, 2025, and 2026

In order to be recognized with honors, students in the class of 2024, 2025, 2026 must have a cumulative grade point average that falls within one the following levels of distinction along with having an overall attendance rate of at least 90 percent or above for grades 9-12. Attendance can be appealed in the event a student falls below 90% and some of the absences are due to unusual circumstances.

Summa Cum Laude: 4.20+

Magna Cum Laude: 4.0-4.19

All three tiers of honor recipients will be acknowledged in the graduation program. JHS will still recognize a Valedictorian and Salutatorian. Class rankings will still be made available to colleges and scholarship

POWER OF ICU

All students are expected to demonstrate mastery of the Missouri Learning Standards. To ensure that every student has the ability to accomplish this, every quality assignment is expected to be completed by every student.

The ICU approach is an important aspect of student academic success at Jackson High School. ICU will serve as an important resource for academic success and intervention. This process will place a heavy emphasis on providing students with remediation, enrichment, support, and multiple opportunities for extra academic assistance to ensure that every student learns at the highest level. We want EVERY student to complete EVERY quality assignment.

JHS will use the following ICU (Intensive Care Unit) Procedures:

1. Students will be placed on the ICU list if they have an incomplete assignment. Parents/guardians will receive an email notification when a student is put on the list. When the assignment is completed and turned in, the student will be taken off the list.
2. If the student needs more assistance with their work, teachers, ICU Lifeguards, and other school staff will determine if the student needs to have a Working Lunch, attend Success Center after school, attend Saturday school, or work on their assignments during Collaboration or Advisory.
3. ICU Lifeguards will check in with students to check on progress during 5th period.
4. Students who consistently are not meeting expectations due to non-compliance may have to receive discipline from school administration.

GRADING PRACTICES

SCHOOL SPONSORED TRIPS

JHS staff schedules all buses to games or field trips and each bus is under the direction of a faculty member. School buses are provided to students for extra activities. Students are expected to ride to and from all school activities on the buses provided. Behavior on the school bus is the same as expected in the classroom.

JACKSON R-2 ATTENDANCE PROCEDURES

Absences from the regular classroom learning experiences disrupt the instructional process not only for the individual student that is absent, but for the instructor and the remainder of the class as well. The benefit of regular classroom instruction is essential for all students in order that they will gain the most from their educational experience. Most students that are absent from classes frequently experience a great deal of difficulty in making satisfactory grades and in keeping up with their assignments.

In an effort to keep parents and guardians informed regarding attendance, an automated email or phone call will be sent to guardians at 3 days or 21 hours and 5 days or 35 hours. At 7 days or 49 hours of absence, an attendance letter will be mailed and a phone call will be made notifying that further absences could lead to a referral to the Prosecuting Attorney's office for ten unexcused absences. Any further absences will require a doctor's excuse. All absences will be considered unexcused until arrangements have been made via the parent/guardian and administration to excuse the absence. All students who are absent are required to bring a note the next day to school or have parents call the building before 9:00 AM stating the reason for being absent.

The principal or his/her designee will determine whether an absence is excused or unexcused.

Attendance records will be kept by the hour and anytime a student is absent an hour of school that time is counted toward the student's attendance.

A total of ten (10) absences or 70 hours per year will be allowed for each student. **All absences excused or unexcused will count toward the ten (10) absences/70 hours.** After seven (7) absences/49 hours medical verification will be required before further absences will be excused. Examples of **unexcused absences** would be, but not limited to the following: truancy, hunting, leaving school without signing out, elected suspension, work, missed bus or car trouble, shopping, haircut appointments, oversleeping, needed at home, vacations, and/or personal business.

An **excused absence** will be defined as a death/tragedy in the immediate family, physicians appointments (timed notes from the physician's office stating the time the appointment was finished, may be required upon return to school). Moreover, a student's absence will be considered excused if the school nurse evaluates the student and sends the student home. All absences other than sickness should be arranged and approved in advance by the principal and/or his designee. All school-sponsored activities, failure of the bus to run, and out of school suspension will not count toward the ten (10) days of attendance. The District will not excuse absences for students needing educational or instructional services during the school day due to the fact these services can be provided by the District.

All make-up work for excused absences should be completed within the number of days equal to the number of days absent. (i.e. three (3) days' absence should allow three (3) days for the student to make-up the work).

Attendance Procedures per School Year (August-May):

Step 1: At three (3) days or 21 hours an automated letter/ phone call will be sent to the parent/guardian.

Step 2: At five (5) days or 35 hours an automated letter/ phone call will be sent to the parent/guardian.

Step 3: At seven (7) days or 49 hours a letter will be sent to the parent/guardian as well as a phone call to discuss the absences. Also, a referral may be made to the school-based social worker/student services specialist who will make contact with the parent/guardian. Any additional absences past the seven (7) days or 49 hours may result in graduated consequences. Doctor's excuses become mandatory for absences.

Step 4: At ten (10) days or 70 hours discipline may be assigned for absences without medical documentation. Conference held with student & letter sent to parent/guardian. Any additional absences past the ten (10) days or 70 hours may result in graduated consequences.

Absences beyond ten (10) days or 70 hours a referral may be made to the school-based social worker or appropriate authorities (including Juvenile Court, Division of Children Services, Prosecuting Attorney or law enforcement). Students absent beyond this point may also be in danger of repeating all classes.

Extenuating circumstances such as chronic illness, hospitalization, or a death in the family will be cause for consideration of extending the limit of allowed absences. Each case will be viewed individually.

TARDINESS

Being late to school or to class during the school day limits learning and is not conducive to learning. Jackson High School has implemented the following policy regarding tardies. Each classroom teacher will establish tardy procedures. Students with three (3) tardies to the same class (3rd-8th periods) per semester will be assigned one, one-hour after school detention. Additional tardies to the same class will result in after-school

detention or In School Suspension. Students arriving late to school will meet with a school administrator prior to attending class. .

EXTENDED TARDINESS

A student arriving more than 20 minutes late to school will receive a warning. Subsequent morning tardies beyond 20 minutes will result in an after-school detention. A student entering a class unexcused beyond five minutes of the bell will be assigned lunch detentions or after-school detentions. Additional extended tardies to the same class will result in after school detentions or In School Suspension.

ADMINISTRATIVE PROBATION

Students not meeting academic and attendance expectations will be placed on Administrative Probation.

Reason for being placed on administrative probation include the following:

- Total hours in attendance is below 90%, which is considered chronically absent.
AND
- Failing two or more courses during a review date.

Terms of Administrative Probation

- The student will not be allowed to attend or participate in selected school related activities, unless prior permission has been granted or assigned by an administrator.
- Student athletes will be allowed to practice, but not participate in extracurricular competitions or games until they are off probation.
- Restricted events may include, but are not limited to:
 - Homecoming Dance
 - All Blitz Activities
 - Pep Assemblies
 - Barnwarming Dance
 - Silver Arrow Dance
 - Spring Fever Reliever
 - Prom
 - Select Sporting Events

Administrative probation will be reviewed on each of the dates below.

- Students will meet with their administrator on restrictions and expectations.
- Parent contact will be made in order to generate a plan for student success.
- All students will start both semesters in good standing.

Review Dates

Semester One:

September 27, 2022
October 18, 2022
November 8, 2022
November 29, 2022

Semester Two:

February 16, 2023
March 9, 2023
March 30, 2023
April 20, 2023

Length of Administrative Probation

- Students who have been identified as not making adequate progress at the end of each review period will be placed on administrative probation until the next review date.

- If a student is placed on probation, and their attendance and/or grades improve to meet standards between review dates, they can file an appeal with their assigned principal.

Administrative Probation Appeal Process

- A parent or guardian will fill out and submit the appeal form to administration, and a meeting should be arranged with the students assigned principal. If qualifications are met, the probation can be lifted until the next review period.
- If the appeal is being made for attendance reasons, the student and parent will be given the opportunity to conference with their assigned principal during a review date in order to better understand why the student was absent more than 10% of the time. If there are extended absences due to medical necessities administrators are not aware of, documentation will need to be provided, and it's possible for an appeal to be made. All final decisions will be made by the school administration.
- Once a student appeals and gains privileges, they will have those privileges until the next review date.
- If a student comes into the term in good standing, they will remain in good standing until the next review date.

DANCES

All Jackson High School students are allowed to attend school dances. Prom is considered a senior and junior dance. Sophomore and freshman students are not allowed to attend prom unless they have been invited by a junior or senior.

The following rules apply to Jackson High School dances:

1. All students who invite out-of-school guests must fill out a permission form and turn this form into the office prior to the dance deadline.
 - All guests must be under the age of 21 years and approved by building administration.
 - Out-of-school guests must have earned a high school diploma or obtained their GED.
 - Guests enrolled in a home school program must provide documentation of current enrollment.
 - Students who attend the Virtual Learning Center (Alt School) must meet daily academic requirements and be in attendance at least 90% of the time.
2. Once you leave a school dance, you may not return.
3. No drugs, alcohol or tobacco will be permitted in the building or on the school grounds, or at any school function held off school grounds. All other school rules will apply and would warrant school discipline.
4. Students and guests whose actions and behavior are considered inappropriate while in attendance will not be allowed to attend future dances.
5. Dress regulations for each dance will vary and depend on the type of dance. Formal dress will be required for Silver Arrow and Prom.
6. Students will be required to present their student ID's to enter. Out-of-school guests will need to show identification as well.
7. Students must serve any assigned detentions or other forms of discipline prior to attending school dances.

DRESS

The Jackson R-2 schools are committed to the total education process of their students. The conduct, manners, appearance, and dress of each individual student play a role in this process. Students are expected to be clean, neat, and modest during the school day and at school functions.

In an attempt to further clarify the dress code the following guidelines will be followed:

- Clothing that makes reference to tobacco, alcohol, or illegal substances are not permitted.

- Clothing that contains inappropriate symbolism that disturbs the school environment will not be allowed. This would include clothing that could be considered gang related.
- Clothing that is deemed to be racial in nature, offensive, distracting, or inappropriate will not be allowed.
- Shirts need to cover the entire torso -- no tank tops or belly shirts. Undergarments are to be worn under clothes and should not be visible.
- Head coverings are not to be worn in the building, and may be confiscated under the dress code policy. (This includes head coverings, hats, caps, bandanas, shower caps, etc).

The principal or his designee will make the final decision at the school level as to whether specific attire is disruptive or inappropriate. Violations will be handled according to the school discipline policy and may include confiscation of the inappropriate articles.

CELL PHONES and other ELECTRONIC DEVICES

Cell phones, smart watches, personal digital assistants, and all other electronic devices are allowed in the morning before school, in the hallways between classes, at lunch, and during privilege time. These devices should not be used during class unless granted permission by the classroom teacher. Teachers will decide how to manage cell phone use in their classroom and students who do not follow the teacher's guidelines may be referred to the office. It would be appropriate for a teacher to expect students to have cell phones out of sight and silenced during the entire class period. If this is the expectation then the student should not use their cell phone or a classmate's cell phone for any reason, including but not limited to checking the time, a communication from parent, or any other reason.

Students using a cell phone in the building during the times allowed are still subject to the technology agreement and should not be using a cell phone in an inappropriate manner. Students are not allowed to take pictures or videos while at school. Students using a cell phone inappropriately at school may receive discipline from the office. Students are not allowed to call or text their parents to come sign them out due to sickness without seeing the school nurse.

PLAGIARISM, CHEATING and FORGERY

This policy covers a wide range of infractions ranging from literary theft to copying and or passing off others' work as one's own. It is the intention of Jackson High School that students gain full advantage of the educational experience during their tenure here. To accomplish this each student must complete their own work to the best of their abilities and within the guidelines as set by the classroom teacher. Failure to do so will result in the following disciplinary action.

1st offense

Parent notification

Office referral (conference, lunch detention, after school detention, ISS)

Student must redo the assignment or complete an alternate assignment for full credit.

Subsequent offense

Parent notification

In-School Suspension (length of time determined by administration)

Student must redo the assignment or complete an alternate assignment for full credit.

SUSPENSIONS

Suspension from school is the result of serious misconduct or the result of continued misconduct. Suspensions from school will not count against the school attendance policy. When a student is suspended, he/she will be

allowed to receive credit for any work that is missed. In addition, students placed on suspension will lose privilege status and forfeit the right to participate/attend extracurricular events including, but not limited to, sporting events, dances, clubs & activities, and school sponsored performances. The length of time the student will lose privileges will be determined by the building administrator. The loss of participating in or attending the extracurricular activities can and may extend beyond the days of the suspension. Furthermore, students who are under out-of-school suspension should not be on any school premises during the length of suspension.

More serious infractions, including but not limited to: drug & alcohol offenses, fighting, theft, and habitual discipline will result in the following:

- The student may lose privilege status for the remainder of the school year.
- The student may not be allowed to attend school dances for the remainder of the school year.
- Consideration will be given as to whether or not the student will be permitted to attend other school functions for an amount of time to be determined by the building administrator.
- Senior students may not be allowed to participate in the graduation ceremony or other senior activities.

USE OF AND/OR POSSESSION OF DANGEROUS ITEMS/WEAPONS

Students are forbidden from bringing any item that is ordinarily considered to be a weapon or dangerous onto school property. (Ex. knives, guns, chains, mace, metal knuckles, fireworks or explosives).

Consequences: The student could be suspended from school for up to 180 days. If necessary, a recommendation may be made to the Board of Education to expel the student from district schools.

DISCIPLINE AUTHORITY FOR CONDUCT OCCURRING OFF SCHOOL PROPERTY

The Jackson R-2 School district is committed to establishing a safe, healthy and secure environment for its students. Any conduct that is or may be detrimental to the school district, its employees or students by reason of its proximity to the school or its observation by or effect upon students while at or near a school and would be a violation of school district disciplinary provisions may result in disciplinary action.

The Board of Education finds that smoking (including e-cigarettes) by students in view of or proximate to a school building or other students near school property, such that such conduct is occurring near other students or may be observed by other students while on school premises or by students arriving or departing school property in the immediate vicinity of a school building, or at a school activity, is detrimental to the safety, moral and good conduct of students, and is subject to disciplinary action under this policy and the other discipline policies of the school district.

The Board of Education also finds that loitering by groups of students near a school may be detrimental to the safety, moral and good conduct of students, and the administration may direct students to refrain from such conduct if it determines that such loitering is detrimental to the safety, moral and good conduct of students. Failure to comply with the directives of the administration may result in disciplinary action in accordance with school district policy.

JACKSON HIGH SCHOOL COMPUTER MAINTENANCE POLICY

Students shall not perform any computer hardware maintenance (this includes installation, repair, and cleaning), remove any computer's casing, perform network management, or install non-school licensed software on any Jackson High School computer. Only authorized Jackson R-2 personnel will perform these duties.

TERMINATION OF SCHOOL SERVICES

To meet graduation requirements, a student must be in attendance for seven semesters. A semester during which a student elects to drop out of school does not count as a semester of attendance.

Students under the age of 18 may not drop out of school without parental consent.

Students who drop out and then wish to re-enroll will receive unexcused absences for all of the days missed and will not be allowed to complete any make-up work.

If the number of days out of school places the student over the number allowed by the Jackson School District attendance policy guidelines, the student will be considered to have withdrawn from school and the student's parents will be notified accordingly by school personnel.

STUDENT HEALTH SERVICES

Health services are provided by or are under the direction of a registered professional nurse. The school nurse for your school may also provide services to other schools. If you need to contact the school nurse, please call your school office.

Students who are feeling ill at school should first come to the Nurse's Office. If they are not found to have an illness which requires being sent home, they always have the option to request that their parent be notified. We are happy to call to inform parents of the student's visit and to allow the parent and student to talk in order to make a decision about whether the student will return to class. If the absence is unexcused by a Nurse, a Principal may be in touch with the parent. Students who contact parents before coming to the nurse often end up with parents spending extra time waiting at our building for their student to be released.

ILLNESS OR INJURIES

In case of illness or injury during school, students must obtain a pass from their teacher to admit them to the nurse's office. To decrease the spread of potential communicable diseases, students exhibiting symptoms of impending illness may be sent home at the discretion of the school nurse. Factors considered before sending students home include a temperature of 100 degrees or higher, vomiting, or other symptoms that affect their ability to be productive at school. **Students should not return to school until they are symptom free (fever, vomiting, diarrhea, or unusual or unexplained rash) for 24 hours without medication.**

In cases of serious injury or illness, the school nurse will be notified immediately. The Emergency Medical Service (911) may also be called. The nurse, designated school personnel, and/or emergency medical personnel will care for the student and the parents will be contacted as soon as possible. **PARENTS ARE RESPONSIBLE FOR NOTIFYING THE SCHOOL OF A PLACE WHERE THEY CAN BE LOCATED IN THE EVENT OF AN EMERGENCY.**

IMMUNIZATIONS

Immunizations are essential for the protection of students and are required by Missouri Law for students to be enrolled in and attend school. The parent or guardian must furnish the school satisfactory evidence of immunization in the form of a statement, certificate, or record from a physician or other health facility or a statement of medical or religious exemption from immunizations against diseases. Students without proper immunization documentation will not be permitted to attend school. Please contact the school nurse if you have questions regarding immunization requirements.

SPECIAL HEALTH CONCERNS

It is important for parents to inform the school nurse of special health conditions which may be a concern or necessitate emergency care at school. Examples of special health conditions are: hearing loss, severe allergies, asthma, diabetes, and seizure disorders. Please complete a Student Health History form and send it to your

child's school nurse. School nurses will share information that may constitute an emergency at school or impact a child's education with other Jackson R-2 staff members on a need to know basis.

MEDICATION

Medication administered through the school office to students will be by the school nurse or designated school personnel trained and supervised by the school nurse.

All medications administered through the school office must meet the following guidelines:

- The prescription medication shall be in the original container labeled with the physician's prescription.
- The first dose of a new medication will not be administered at school.
- A "Request for Giving Medication" form must be completed and signed annually by a parent/guardian for each medication administered at school. A new form must be completed at the time of a medication dose change.
- Medication should be delivered to the school by a parent/guardian or other designated adult or by specific arrangement that has been made between parent/guardian and school nurse. A one-month supply of a student's medication can be stored at school.
- The school nurse will not administer medication amounts exceeding the recommended daily dosage indicated by the manufacturer.
- If a student has a health concern that requires medication on an as needed basis for emergency situations, then specific written instructions must be provided as to when and under what circumstances medication is to be administered. This information should be provided and signed annually by the student's doctor.
- Over the counter medication may be dispensed for a specific condition by the school nurse upon written request or verbal permission by the parent/guardian.
- Students in grades 9-12 may carry their own over the counter medication and consume as directed. Over the counter medication must be in its original container.

SELF-ADMINISTRATION OF MEDICATION BY STUDENTS

An authorized prescriber may recommend that an individual student with a chronic health condition assume responsibility for his or her own medication. The district will allow students to self-administer medication for the treatment of asthma and anaphylaxis in accordance with board policy JHCD. The District may allow students to self-administer other medications in accordance with law. The district will not allow any student to self-administer medications unless:

1. The medication was prescribed or ordered by the student's physician.
2. The physician has provided a written treatment plan for the condition for which the medication was prescribed or authorized that includes a certification that the student is capable of and has been instructed in the correct and responsible use of the medication and has demonstrated to the physician or the physician's designee the skill level necessary to use the medication.
3. The student has demonstrated proper self-administration technique to the school nurse.
4. The student's parent has signed a statement authorizing self-administration and acknowledging that the District and its employees or agents will incur no liability as a result of any injury arising from the self-administration of such medication unless such injury is a result of negligence on the part of the district or its employees or agents.

POSSESSION OF SELF-ADMINISTERED MEDICATION

An authorized prescriber may recommend that an individual student with a chronic health condition be allowed to be in possession of his or her medication on district property for the purposes of self-administration. The district will permit possession of medication for the treatment of asthma or anaphylaxis on district property, at

district-sponsored activities and in transit to and from school or activities in accordance with law. No student will be permitted to possess any medication unless the parent/guardian has submitted all required authorizations and releases in accordance with board policy JHCD.

SCREENINGS

The Jackson R-2 School District will conduct screening exams in the areas of speech/language, hearing, vision, and dental for the following grades:

- Hearing – 1st, 3rd, & 5th
- Vision – Kindergarten, 1st, 3rd, & 6th
- Speech/Language – Kindergarten, 1st, 2nd
- Dental – PreK, K, 1st, 2nd, 3rd, 4th, 5th, 6th, 7th & 10th

If a concern is detected in any area screened, the student's parent/guardian will be notified.

HEAD LICE PROCEDURE

The protocol listed below will be in effect to control the spreading of head lice (pediculosis) at school:

1. If head lice/nits (eggs) are discovered on a student, the student will be removed from the classroom and the parents or emergency contact will be called to remove the student from school.
2. When head lice/nits are discovered on a student, all Jackson R-2 school-age siblings of the affected student will also be checked for head lice.
3. If there are more than two children showing signs/symptoms of head lice in a classroom, the school nurse will determine the need for and efficacy of screening the entire classroom. Screening at will is not recommended by the Department of Health as it is time-consuming and ineffective in the discovery and elimination of head lice. The nurse may, however, send a letter to notify the other children's parents that head lice has been found in their child's classroom, so they may watch for signs of infestation as well.
4. The school nurse or assistive personnel will be available to screen for head lice, as well as give the parent information concerning the procedure to eliminate head lice.
5. After treatment is complete and prior to returning to the classroom, the student must come to the nurse's office for an examination by the school nurse or assistive personnel. If there is no evidence of head lice or nits, the student will be permitted to return to the classroom. If nits remain, it is up to the discretion of the school nurse whether the student will be permitted to return to school.
6. After being readmitted to school, the student will randomly be examined by the school nurse or assistive personnel to check for re-infestation.

BED BUG PROTOCOL

If a confirmed bed bug is found on a student, he or she should not be sent home.

1. Notify the parent.
2. It is not necessary for the student to be sent home or isolated from other students.
3. The student should be temporarily removed from the classroom so that the school nurse or a qualified individual can perform an inspection of the student's clothing and other belongings including: hat, shoes, jacket, backpack, and school supplies.
4. Without drawing significant attention to the student, check the areas where the student sits or where affected belongings may have been placed for extended periods of time.
5. Try to collect specimens for positive identification. Keep specimens as intact as possible.
6. If a confirmed bed bug is found on a student, the student should change into temporary clothing and place all of their clothes (including shoes) in the dryer set on high for 30 minutes or use an UV treatment machine.

7. After treatment, the student should change back into their clothes and return to class.
8. Remaining belongings should be placed in a large zip lock plastic bag and plastic container.
9. If a dryer is not available to treat the clothes, the clothes should also be put into the plastic bag and container.
10. Ongoing individual student case management will be provided by the District.

PARENT PORTAL

Parent Link is a web based program that allows access to grades, attendance, lunch balances, and more.

1. To begin using Parent Portal, you must first sign up at any school office. Please remember to bring along a picture ID when you visit. If you have children at multiple school buildings, you will only need to visit one of the schools to turn in the Parent Link form. FOR SCHOOL AND SCHOOL ACTIVITIES**

IT IS VERY IMPORTANT THAT WE MAINTAIN OUR EXCELLENT TRADITION OF GOOD STUDENT BEHAVIOR. WE BELIEVE THAT THIS HIGH STANDARD OF BEHAVIOR WILL ONLY CONTINUE THROUGH THE COOPERATIVE EFFORTS OF STUDENTS, TEACHERS, ADMINISTRATORS, AND PARENTS. JACKSON R-2 SCHOOL DISTRICT
REVISED STUDENT POLICIES
(REFERENCE: SAFE SCHOOLS ACT, 1996-HB1301 & HB1298)

STUDENT DISCIPLINE

The Board of Education has the legal authority to make all needed policies, rules and regulations for organizing and governing the school district. This includes the power to suspend or expel a student for conduct which is prejudicial to good order and discipline in the schools or impairs the morale or good conduct of the students. These policies, rules and regulations will apply to all students in attendance in district instructional and support programs, as well as at school-sponsored activities and events. Students who have been charged, convicted or pled guilty in a court of general jurisdiction for commission of a felony may be suspended in accordance with law.

The penalties and penalty ranges for the offenses and disciplinary issues described below are guidelines only. The Jackson R-2 School District expressly reserves the right to deviate from the guidelines as, in its sole discretion, it deems appropriate or necessary. The District also has the right to impose discipline for infractions or offenses in addition to those specifically described below to the extent allowed by law. Further, the District also reserves the right to contact or otherwise involve law enforcement even in circumstances not specifically referenced below.

Building principals are responsible for the development of rules and regulations regarding student conduct needed to maintain proper behavior in schools under their supervision. Principals, subject to appropriate due process procedures, may summarily suspend any student for up to ten (10) school days for violation of these policies, rules and regulations. Notice of suspension shall be given immediately to the parent or guardian, and to the superintendent.

Flagrant disregard for policies, rules and regulations, or continued truancy may result in suspension by the superintendent or expulsion by the Board, both subject to appropriate due process procedures. The superintendent may suspend a student for up to 180 school days; however, expulsion of students is a function only of the Board of Education.

Teachers shall have the authority to make and enforce necessary rules for the internal governance in the classroom, subject to review by the building principal. The Board expects each teacher to maintain a satisfactory standard of conduct in the classroom.

Student discipline records will go with the student from year to year.

Any time a referral that warrants formal disciplinary action is submitted, a reasonable effort will be made by the principal to either contact the parent or guardian by written notice delivered by the student, through the mail, or by direct telephone contact.

All employees of the district shall annually receive instruction related to the specific contents of the district's discipline policy and any interpretations necessary to implement the provisions of the policy in the course of their duties, including but not limited to approved methods of dealing with acts of school violence, disciplining students with disabilities, and instruction in the necessity and requirements for confidentiality.

STUDENT DISCIPLINE OFFENSES

The Student Code of Conduct is designed to foster student responsibility, respect for the rights of others, and to provide for the orderly operation of district schools. No code can be expected to list each and every offense which may result in the use of disciplinary action. However, it is the purpose of this code to list certain offenses which, if committed by a student, will result in the imposition of a certain disciplinary action. **Any conduct not included herein, any aggravated circumstance of any offense, or an action involving a combination of offenses may result in disciplinary consequences that extend beyond this code of conduct as determined by the principal, superintendent and/or Board of Education. In addition, any suspension or expulsion may be modified by the superintendent on a case-by-case basis.**

DISCIPLINE OF STUDENTS WITH DISABILITIES

Students with disabilities will be disciplined in accordance with the district's discipline code applicable to all students, subject to the modifications mandated by law. All students, including those with disabilities, will be referred for law enforcement action when required by law and/or when their conduct constitutes a crime.

The district will comply with all state and federal laws governing the discipline of students with disabilities, including the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, applicable regulations and state and local plans for compliance with the law. In addition to the process outlined in special education law, students with disabilities will receive the same due process afforded other students.

DETENTION AND/OR IN-SCHOOL SUSPENSION OF STUDENTS

The provisions of detention or an in-school suspension program for student violations of policies, rules and regulations shall provide principals with an additional alternative for dealing with disciplinary problems that occur in the schools. When this alternative is appropriate, students will be assigned to serve a specified time period in the in-school suspension program. These assignments, and the determination of the time period for them, shall be determined by the principal, or his or her designee. In-school suspension in Jackson R-2 School District is available for grades 6-12.

STUDENT SUSPENSION AND EXPULSION

The Board of Education believes that the right of a child to attend free public schools carries with it the responsibility of the child to attend school regularly and to comply with the lawful policies, rules and regulations of the school district. This observance of school policies, rules and regulations is essential for permitting others to learn at school.

Therefore, the administration may exclude a student from school because of violation of school rules and regulations, conduct which materially or substantially disrupts the rights of others to an education, or conduct which endangers the student, other students or the property of the school. Furthermore, if a student poses a threat to self or others, as evidenced by the prior conduct of such student, the administration may immediately remove the student from school. Such actions will be taken in accordance with due process and with due regard for the welfare of both the student and the school.

The terms "suspension" and "removal" refers to an exclusion from school that will not exceed a specific period of time and shall be subject to the due process procedures set forth for "suspension" under Policy JGD. The term "expulsion" refers to exclusion for an indefinite period.

Out of School Suspensions In Missouri, a principal may suspend a student for up to ten (10) school days. A superintendent may suspend a student for up to 180 school days. Procedures for suspending a student are outlined below.

1. Before suspending a student, a principal or superintendent must (a) tell the student, either orally or in writing, what misconduct he or she is accused of; (b) if the student denies the accusation, explain, either orally or in writing, the facts that form the basis of the proposed suspension; and (c) give the student an opportunity to present his or her version of the incident.

2. If the principal or superintendent concludes that the student has engaged in misconduct punishable by suspension, the procedures described below apply unless the student is disabled. (If the student is disabled as defined in the Individuals with Disabilities Education Act (IDEA) as amended or Section 504 of the Rehabilitation Act, the procedures described in the policy dealing with the

discipline of students with disabilities apply.)

3. The principal or superintendent should determine whether the student should be suspended or whether less drastic alternative measures would be appropriate.

4. If suspension is imposed, the student's parents or guardians must be promptly notified of the suspension and the reasons for the action.

5. Any suspension by a principal must be reported, immediately and in writing, to the superintendent, who may revoke the suspension, either part or in full, at any time.

6. If a student is suspended for more than ten (10) school days, the following rules also apply:

A. The student, his or her parents, guardians or others having custodial care have a right to appeal the superintendent's decision to the Board or a committee of the Board appointed by the Board president.

B. If the student gives notice that he or she wishes to appeal the suspension to the Board, the suspension shall be stayed until the Board renders its decision, unless in the superintendent's judgment, the student's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process.

C. All notices of appeal shall be transmitted, either by the appealing party or by the superintendent, to the secretary of the Board. Oral notices, if made to the superintendent, shall be reduced to writing and communicated to the secretary of the Board.

D. The superintendent, when notified of an appeal, shall promptly transmit to the Board a full written report of the facts relating to the suspension, the action taken by the superintendent, and the reasons for the action.

E. Upon receipt of a notice of appeal, the Board will schedule a hearing and within a reasonable time in advance of the scheduled date, will notify, by certified mail, the appealing party of the date, time and place of the hearing and of the right to counsel, to call witnesses, and to present evidence at the hearing.

F. Hearings of appealed suspensions will be conducted as described in the section of this policy dealing with student disciplinary hearings.

Suspensions for More Than 180 School Days and Expulsions Only the Board may expel a student or suspend a student for more than 180 school days. The applicable procedures are outlined below.

1. Before recommending to the Board that a student be expelled or suspended for more than 180 school days, the superintendent or principal must (a) tell the student, either orally or in writing, what misconduct he or she is accused of; (b) if the student denies the accusation, explain, either orally or in writing, the facts that form the basis of the proposed suspension/expulsion; and give the student an opportunity to present his or her version of the incident.

2. If the superintendent concludes that the student has engaged in misconduct and should be expelled or suspended for more than 180 school days, the procedures described below apply unless the student is disabled. (In the case of a disabled student, the procedures described in the policy dealing with the discipline of students with disabilities shall apply.)

A. The superintendent will recommend to the Board that the student be expelled or suspended for more than 180 school days. The superintendent may also immediately suspend the student for up to 180 school days.

B. Upon receipt of the superintendent's recommendation, the Board will follow the procedures described in the section of this policy dealing with student disciplinary hearings.

3. If the student is expelled, he or she may later apply to the Board for readmission. Only the Board can readmit an expelled student.

Prior to the readmission or enrollment of any student who has been suspended out of school or expelled in accordance with this policy for any "act of school violence" as defined in § 160.261.2, RSMo and Board Policy JGF, a conference must be held to review the student's conduct that resulted in the suspension or expulsion and any remedial actions needed to prevent future occurrences of such conduct or related conduct. The conference shall include the appropriate school officials including any teacher directly involved with the conduct that resulted in the suspension or expulsion, the student, and the parent or guardian of the student or any agency having legal jurisdiction, care, custody or control of the student. The Board of Education shall notify, in writing, the parents or guardians and all other parties of the time, place and agenda of any such conference. Failure of any party to attend this conference shall not preclude holding the conference. This requirement applies to enrolling students transferring from another school as well, regardless of whether the "act of school violence" was committed at a public school or at a private school in Missouri, provided that such act shall have

resulted in the suspension or expulsion of such student in the case of a private school.

Student Discipline Hearings The Board of Education may originate student discipline hearings upon recommendation of the superintendent. In such cases, the Board of Education will review the superintendent's report and determine whether to conduct a discipline hearing. In addition, student discipline hearings also will be held upon written request of the student or the student's parents, to consider appeals from student suspensions in excess of ten (10) school days. A discipline hearing will always be held in cases of suspensions in excess of 180 school days or expulsions, unless after meeting with the superintendent or designee, the parent or guardian waives, in writing, the right to an expulsion hearing.

In all hearings, whether initiated by the Board of Education or by appeal, the following procedures will be adhered to:

1. The student and the parents/guardians will be advised of the charges against the student; their right to a Board hearing; the date, time and place of the hearing; their right to counsel; and their procedural rights to call witnesses, enter exhibits and cross-examine adverse witnesses. All such notifications will be made by certified mail, addressed to the student's parents or guardians. The Board shall make a good-faith effort to have the parents or guardians present at the hearing.
2. Prior to the Board hearing, the student and the student's parents/guardians will be advised of the identify of the witnesses to be called by the administration and advised of the nature of their testimony. In addition, the student and the student's parents/guardians will be provided with copies of the documents to be introduced at the hearing by the administration.
3. The hearing will be closed unless the Board decides otherwise. The hearing will only be open with parental consent. At the hearing, the administration or their counsel will present the charges and such testimony and evidence to support such charges. The student, his or her parents/guardians or their counsel shall have the right to present witnesses, introduce exhibits, and to cross-examine witnesses called in support of the charges. A licensed court reporter may record the hearing and prepare a written transcript.
4. At the conclusion of the hearing, the Board of Education shall deliberate in executive session and shall render a decision to dismiss the charges; to suspend the student for a specified period of time; or to expel the student from the schools of the District. The administration or its counsel, by direction of the Board of Education, shall promptly prepare and transmit to the parents/guardians written notice of the decision.

DISCIPLINE REPORTING AND RECORDS

In compliance with state law, the Board of Education establishes explicit channels of communication between teachers, administrators, law enforcement officials and other schools concerning acts of school violence and other behaviors which endanger the welfare or safety of students, staff and patrons of the district. The purpose of this policy is to designate specific actions committed by students which must be reported to teachers, administrators and/or law enforcement officials as well as those actions which must be documented in a student's discipline record.

Definitions The following definitions and terms apply to this policy:

Such reports shall not be used as the sole basis for denying educational services to a student.

All employees shall immediately report to the principal any incident that constitutes a crime, including any incident in which a person is believed to have committed an act that, if committed by an adult would be first, second or third degree assault, rape in the second degree or sodomy in the second degree against a student or school employee, while on school property, school transportation or at school activities. Employees shall also inform the principal if a student is discovered to possess a controlled substance or weapon in violation of the district's policy. The principal shall immediately report these listed offenses to the appropriate law enforcement agency and the superintendent.

Any teacher who is aware of an incident in which a person is believed to have committed an act which if committed by an adult would be first, second or third degree assault, sexual assault or deviate sexual assault against a student or school employee, while on school property, buses or at school activities shall immediately report such incident to the principal. The teacher shall also inform the principal if a student is discovered to possess a controlled substance or weapon in violation of the district's policy.

Reporting to Law Enforcement Officials Any crime listed in this section, or any act which if committed by an adult would be a crime listed in this section, that is committed on school property, on any school transportation or at any school activity must be reported by the appropriate school administrator to the appropriate law enforcement agency as soon as reasonably practical. Student Discipline Records The Board of Education directs the superintendent or designee to compile and maintain records of any serious violation of the district's discipline policy for each student enrolled in the district. Such records shall be made available to all district employees with a need to know, and shall be provided in accordance with state law to any school district in which the student subsequently attempts to enroll within five (5) business days of receiving the request. Personally identifiable student records will only be released or destroyed in accordance with state and federal law. If the student is placed in another school by Children's Division, the records will be transferred to the new school within two (2) business days after notification by Children's Division.

The Jackson R-2 School District has developed a Local Compliance Plan for the implementation of State Regulations for the Individuals with Disabilities Education Act (IDEA). Notification of Rights under FERPA **For Elementary and Secondary Schools**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the School receives a request for access.
Parents or eligible students should submit to the school principal a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.
Parents or eligible students who wish to ask the School to amend a record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.
One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the [School] to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW

See the list below of the disclosures that elementary and secondary schools may make without consent.

FERPA permits the disclosure of PII from students' education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student –

- To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))
- To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))
- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency in the parent or eligible student's State (SEA). Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))

NOTICE FOR DIRECTORY INFORMATION

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that the Jackson R-2 School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the District to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs)

receiving assistance under the *Elementary and Secondary Education Act of 1965* (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student’s information disclosed without their prior written consent.¹

If you do not want the District to disclose directory information from your child’s education records without your prior written consent, you must notify the District in writing within 10 days after the annual public notice is provided. The Jackson R-2 School District has designated the following information as general directory information:

Complaint Resolution Procedure for Federal Programs

Complaint resolution procedure applies to all federal programs in which the Jackson R-2 School District participates.

A complaint is a formal allegation that a specific federal or state law or regulation has been violated, misapplied, or misinterpreted by school district personnel or by Department of Education personnel.

Any parent or guardian, surrogate parent, teacher, administrator, school board member, or other person directly involved with an activity, program, or project operated under the general supervision of the Department may file a complaint. Such a complaint must be in writing and signed; it will provide specific details of the situation and indicate the law or regulation that is allegedly being violated, misapplied, or misinterpreted.

The written, signed complaint must be filed and the resolution pursued in accordance with the **Jackson R-2 Public Complaints Policy: Policy KL** (available at the Jackson R-2 Board of Education Office, 614 East Adams). If the issue cannot be resolved at the local level, the complainant may file a complaint with the Missouri Department of Elementary and Secondary Education. If there is no evidence that the parties have attempted in good faith to resolve the complaint at the local level, the Department may require the parties to do so and may provide technical assistance to facilitate such resolution.

Any persons directly affected by the actions of the Department may field a similarly written complaint if they believe state or federal laws or regulations have been violated, misapplied, or misinterpreted by the Department itself.

Anyone needing more information about the complaint resolution policy and procedure may contact Dr. Jessica Maxwell at the Jackson Board of Education Office (243-9501).

Hazardous Materials

To promote the health and safety of the students, staff and patrons of the district, and to ensure that hazardous materials are handled appropriately, the Board of Education of the Jackson R-II School District directs the administration, under the guidance of the superintendent, to develop procedures that address the purchase, storage, handling, transportation and disposal of hazardous materials for all school facilities and operations of the district.

The Board directs district staff to avoid using hazardous materials to the extent feasible and to minimize the quantities of such substances used by or stored in the school district. In addition, district employees shall follow the procedures developed by the administration and shall take the necessary precautions recommended by manufacturers' warnings when handling or transporting hazardous materials.

The procedures developed by the administration shall comply with all local, state and federal laws and regulations that pertain to the proper management of hazardous materials. The superintendent or designee is responsible for identifying any substances that may be hazardous and ensuring such substances are properly disposed in a state-approved facility or landfill.

Emergency Plans

The superintendent or designee will include in district emergency plans appropriate responses and evacuation plans for situations where hazardous materials threaten the health or safety of persons on district property or when hazardous materials on district property threaten the health or safety of people in the surrounding area.

Asbestos

On October 22, 1986, President Reagan signed into law the Asbestos Hazard Emergency Response Act (AHERA, Public Law 99-519). The law required EPA to develop regulations, which provide a comprehensive framework for addressing asbestos problems in public and private elementary and secondary schools. On October 30, 1987, EPA published the Asbestos-Containing Materials in Schools Rule (40 CFR Part 763 Subpart E). This New Rule requires all public and private elementary and secondary schools to inspect

for friable and non-friable asbestos, develop asbestos management plans that address asbestos hazards in school buildings, and implement response actions in a timely fashion. This rule became effective December 14, 1987.

Jackson R-2 has conducted a complete inspection of its facilities for asbestos containing building materials on August 11, 1988, utilizing the services of Larron Laboratory. Trutest Environmental Solutions, LLC conducted a re-inspection October 2015. The results of this inspection have been included in a management plan. This management plan is available in the administrative offices of this LEA (and in the offices of each school) during normal business hours, without cost or restriction, for inspection by representatives of the EPA and the State, the public, including teachers, other school personnel and their representatives, and parents. The LEA may charge a reasonable cost to make copies of management plans.

You, as a parent or employee, are encouraged to examine the management plan that affects your child(ren) or you. The contents of the management plan and the recommendations made in it were presented and discussed at the September 27, 1988 Board of Education meeting at 8:00 P.M. If you were unable to attend this meeting please contact the administration office at 243-9501 to obtain transcripts and/or recordings of the presentation.

The purpose of the Federal and State regulations is to protect the health and well being of all persons entering the buildings of this LEA for any reason. This LEA takes very seriously the recommendations made in the management plan, which has been sent to the Missouri Department of Health for approval. The person in this LEA trained to oversee asbestos activities and ensure compliance is James Aufdenberg. As required in the rule, James Aufdenberg is the single

contact for the public to obtain information about asbestos related activities in the LEA. You may reach James Aufdenberg at 243-9531.

Lead

The superintendent or designee is directed to identify and develop plans to eliminate all potential sources of lead poisoning from district property.
